

Physical AI space (2022-2026) — reproducible BGE-M3 sample

- AI / AI Infra background (946)
- Physical AI (480)
- Physical AI Risks (480)

Embedding the full corpus is compute-limited; a reproducible stratified 2022-2026 sample across papers, policy reports, and patents is embedded with BGE-M3 and projected with UMAP. AI and AI Infra form the neutral gray background; Physical AI and Physical AI Risks are emphasized.
